Agenda Item 3a

Resolution Nos. 3837, Revised and 4177

Subject: Estimate and proposed apportionment and distribution of Transportation Development Act (TDA), State Transit Assistance (STA), Assembly Bill 1107 (AB 1107), and transit-related bridge toll funds for FY 2015-16. Revision to the policy for the programming and allocation of STA funds to add a Transit Emergency Service Contingency Program.

Background: The following are highlights of the fund estimate for FY 2015-16:

- 1. Economic Overview:** The Bay Area economic landscape continues to improve with gains in employment, decreases in unemployment rates, rising real estate values, and continued growth in taxable sales.
- 2. Transportation Development Act (TDA):** State law requires county auditors to submit annual estimates of the ¼-cent sales tax revenue generation to MTC by February 1st. A summary of the county auditors' mid-year estimates indicate regional TDA revenue generation is expected to increase by 5% in FY 2014-15, with an additional increase of 3% in FY 2015-16. However, the auditors in Contra Costa and San Mateo counties reduced their revised FY 2014-15 revenue estimates as included in the FY 2015-16 Fund Estimate.

The FY2014-15 revised auditor forecasts for Contra Costa and Sonoma counties are 0.8% and 1.2% higher respectively than MTC staff forecast based an analysis of revenue generations to date and staff believes that these estimates are overly optimistic. Claimants in these counties should budget accordingly and prepare for possible rescissions at the close of the fiscal year.

- 3. AB 1107:** A portion (25%) of BART's half-cent sales tax revenue generated in Alameda, Contra Costa, and San Francisco counties is subject to allocation by MTC, and in turn, MTC staff is responsible for estimating the annual revenue generation. Based on trends in actual revenues, and this fiscal year's second quarter actual receipts, staff recommends increasing the current-year FY 2014-15 estimate from \$73.1 million to \$76 million (a 3% increase over actual FY 2013-14 revenues). Staff proposes an additional increase of 2% in FY 2015-16 (\$77.6 million).
- 4. State Transit Assistance (STA):** The Governor's proposed FY 2015-16 state budget estimates \$388 million in FY 2015-16 revenue generation, a 4% increase from the \$373 million estimated for FY 2014-15. MTC's estimated FY 2015-16 apportionment is \$143 million (19% of the population formula and 54% of the revenue formula). FY2015-16 is the first year that the State Controller has provided a separate STA apportionment for Marin Transit. See the issue below related to the proposed funding level.
- 5. BART Feeder Bus Agreements:** The transit coordination program allows funding to be transferred from BART's STA and TDA apportionments to cover local bus operator expenses for feeder bus services to BART stations. The FY 2015-16 feeder bus expenses are \$6 million, a 6% increase over FY

2014-15. Feeder bus expenses are indexed to the annual change in BART's ½-cent sales tax revenue generation.

6. **AC Transit / BART Agreement:** Historically, MTC has transferred \$3.6 million of BART's STA revenue-based apportionment to AC Transit because the two agencies did not have a formal revenue sharing agreement. In September 2014 BART and AC Transit signed a Memorandum of Understanding (MOU) which establishes a framework for future BART-AC Transit feeder/transfer payments. For FY 2015-16 the payment amount will be calculated per the MOU by using the FY 2014-15 payment amount of \$3.6 million and adjusting for ridership and inflation changes. The amount of annual increase or decrease is capped at 5%. 90% of the feeder payment will be paid directly by BART to AC Transit and the remaining 10% (\$378,000 for FY2015-16) will be drawn from BART's STA Revenue-based share and will be deposited into the "Fare Coordination Fund". MTC will amend the final amount later in 2015 when final ridership and inflation data is available.
7. **Bridge Tolls:** In April 2010, MTC Resolution No. 3948 resulted in a lump sum payment from BATA to MTC for an amount equal to the 50-year present value of AB 664, RM 1, and 2% Toll revenue. Future payments from these toll revenues will be made from this lump sum, in accordance with Commission policies established in MTC Resolution Nos. 4015 and 4022.
8. **Cap and Trade – Low Carbon Transit Operations Program:** The FY 2015-16 Fund Estimate includes a new page which provides details on funding that will flow to the region through the new Low Carbon Transit Operations Program, which is a component of the state Cap and Trade program.
9. **Transit Emergency Service Contingency Fund:** Lessons learned from regional emergency events such as the San Francisco-Oakland Bay Bridge eyebar failure and the West Oakland structure fire affecting BART have revealed a need to establish an emergency fund reserve to support the region's transit service resiliency in response to a localized event or regional disaster.

Therefore, MTC's policy for the programming and allocation of State Transit Assistance (STA) funds (MTC Resolution No. 3837) is proposed to be amended to establish a Transit Emergency Service Contingency Fund in the allocation policy for STA Population-Based Funds. The fund will be established over a period of three fiscal years by the set-aside of three equal apportionments of STA Population-Based funds starting in FY 2015-16, until a \$1 million balance is reached. This fund would not be used to respond to transit strikes or other labor stoppages; funds would be used primarily for events not receiving a disaster declaration from the state or federal government. The proposal was developed in partnership with the Transit Finance Working Group.

Issues:

State Transit Assistance (STA) Revenue Forecast: Governor Brown's proposed budget for FY 2015-16 includes \$388 million in STA funding

statewide. This represents an increase of 4% above projected STA funding for FY 2014-15. The STA program is funded by a statewide sales tax on the price of diesel fuel. Staff believes that the budget's STA revenue projections are extremely optimistic given the nearly 30% decline in the price of diesel fuel over the last eight months. As a result, staff is strongly advising transit operators to be conservative in their budgeting for STA funds until after the May 2015 Governor's Revised Budget, which will provide additional guidance on expected STA revenues.

Recommendation: Refer MTC Resolution Nos. 3837, Revised and 4177 to the Commission for approval.

STATE TRANSIT ASSISTANCE ALLOCATION POLICY

Exhibit 1

This policy affects all allocations by the Metropolitan Transportation Commission (MTC) of STA funds, made available under the provisions of Public Utilities Code Sections 99313 and 99314 and relevant subsections.

I. Population-Based Funds (PUC Code 99313) Including Interest Earnings

A. Consolidated Percentages – Base and Prop. 42 funds

The consolidated percentages established in this section pertain to Base and Proposition 42 funds only. The percentages by category do not apply to Spillover funds; the policy for these funds is described separately below.

1. *Northern Counties/Small Operators*

28.3% of the STA Population-Based funds and interest is reserved for the Northern counties (Marin, Sonoma, Napa, and Solano) and the small operators (LAVTA, Union City, CCCTA, ECCTA, and WestCAT). These funds will be apportioned to each jurisdiction in proportion to its share of the total Northern counties/Small operators' population, as determined by the most recent State Department of Finance estimates.

As with TDA, a coordinated claim will be required if there is more than one eligible operator within those service areas.

2. *Regional Paratransit*

15.6% of the STA Population-Based funds and interest is reserved for Regional Paratransit purposes to meet the region's requirements under the Americans with Disabilities Act (ADA). These funds will be distributed to each of the nine counties in proportion to each county's share of the region's transportation disabled population, as determined by the 1990 Regional Paratransit Plan and subsequent updates of that plan.

3. *MTC Regional Coordination*

26.9% of the STA Population-Based funds and interest is reserved for projects and programs that improve regional coordination, including but not limited to:

- TransLink®/Clipper®
- 511
- Transit connectivity

MTC will develop an annual MTC Regional Coordination program. All final programming will be reviewed and approved by the MTC Programming and Allocations Committee (PAC).

4. *Lifeline Transportation Program (LTP)*

29.2% of the STA Population-Based funds and interest is reserved for Lifeline projects. The Lifeline Transportation Program is intended to improve mobility options for low-income residents in the Bay Area by funding transportation projects designed to address their transportation needs.

5. *Transit Emergency Service Contingency Fund*

The Transit Emergency Service Contingency Fund shall be used to provide assistance for an emergency response to a qualifying incident or event, under specific circumstances as described in MTC Resolution No. 4171.

The fund shall not exceed a total balance of \$1 million of STA Population-Based funds and interest. In any individual fiscal year no more than \$333,333 of STA Populated-Based funds and interest shall be apportioned to the fund. Beginning in Fiscal Year (FY) 2015-16 \$333,333 in STA Population-Based funds, taken “off the top” from estimated STA Population-Based revenues for the fiscal year, will be apportioned to the fund. Apportionments will continue in subsequent fiscal years until the fund reaches a total of \$1 million. In future years should the balance of the fund fall below \$1 million funds shall be apportioned in the next fiscal year to restore the full balance of the fund, subject to the annual apportionment limit.

B. *Spillover funds*

Per MTC Resolution No. 3814, starting in FY 2007-08 and continuing each year as necessary, the first available \$62 million in regional population-based Spillover funds is to be distributed as follows: \$19 million to restore program reductions to the May 9, 2007 Proposition 1B Transit staff proposal level as well as provide funding to match BART's May 9, 2007 commitment to the BART Extensions to Eastern Contra Costa and Warm Springs (*Lifeline - \$10 million, Small Operators /North Counties - \$3 million, BART Extension to Warm Springs - \$3 million, BART Extension to Eastern Contra Costa County*

- \$3 million), and \$43 million to SamTrans to fulfill the Caltrain Right-of-Way settlement agreement, on a pro rata basis. For FY 2007-08, the population-based Spillover available will be net of the distribution to the Northern Counties and Small Operators per current policy.

II. Revenue-Based Portion (PUC Code 99314)

Funds apportioned to the region based on revenues generated by the transit operators will be allocated for the support of fixed route and paratransit operations, for inter-operator coordination, including the cost of interoperator transfers, joint fare subsidies, integrated fares etc., and for capital projects consistent with the adopted long-range plan.

**State Transit Assistance (STA)
Rules and Regulations
for the MTC Region
Exhibit 2**

These Rules and Regulations cover the eligibility requirements and the rules for a full or partial allocation of these funds.

Eligibility Requirements

To be **eligible for any STA funds** in the MTC region, an operator must comply with all SB 602 fare and schedule coordination requirements for the fiscal year. The evaluation of operator's compliance with the SB 602 program is made annually.

An operator's requested STA allocation may also be **partially or fully reduced** if the operator did not make satisfactory progress in meeting its Productivity Improvement Program (PIP) and/or the Regional Coordination projects for which each operator is a participant.

SB 602 Requirements

All SB 602 fare and schedule coordination requirements for the fiscal year must be completely satisfied. If not, operator is ineligible to receive (a) annual increment of TDA funds and (b) any STA funds. Thus, meeting SB 602 (pursuant to MTC Res. No. 2323 regulations) becomes fully obligatory.

Fare coordination revenue-sharing agreements, as specified in the annual Regional Coordination Program, must be fully executed by all participating operators and provisions of the agreement(s) must be in compliance with MTC rules and regulations.

The Regional Schedule Coordination Implementation Plan must achieve satisfactory progress according to the Implementation Plan workscope. All operators in the region have equal responsibility and accountability in ensuring satisfactory progress.

Project worksopes, implementation schedules and progress achievement for both fare and schedule coordination requirements will be reviewed annually by MTC.

STA funds **withheld** from allocation or disbursement due to non-compliance, or falling out of compliance, will be held for one quarter to provide an opportunity to come into compliance. If MTC finds that satisfactory progress is being made by the operator to comply with their SB 602 agreements, the deadline for coming into

compliance may be extended further one quarter. (In the event of non-compliance by an operator to whom STA funds have already been disbursed, disbursed funds will be requested to be returned to the STA account. If funds are not returned, an equivalent amount can be withheld from the operator's following year allocation.)

In accordance with the provisions of SB 3, withheld funds may be **re-allocated** to any eligible operator to implement an unfunded coordination project in the Regional Coordination Plan. MTC may also allocate these funds to any operator whose increase in total operating cost per revenue vehicle hour is less than the increase in the CPI.

Progress on PIP and Regional Coordination Projects

Each Performance Audit-based project and Regional Coordination project is evaluated based on actual progress as compared to scheduled. The Overall Performance Evaluation Score is calculated as the average of all projects.

The Overall Performance Score represents the Overall Score for Reasonable Effort and converts to a full or partial STA allocation as indicated on the following scale.

<u>Projects Progress</u> *	<u>Allocation Action</u>
Projects Completed or within 90-100% of schedule	Full allocation
Projects within 40-80% of schedule	Allocation proportional to progress
Projects between 0-30% of schedule	No allocation

(*) Based on status of project as evaluated by MTC staff.

The amount withheld will be reviewed with the affected operator. Partial funds withheld will be held by MTC up to two years to allow an operator to comply with its PIP.

After two years, funds withheld under this section may also be **re-allocated** to any eligible operator for purposes of improving coordination, according to the unfunded coordination projects in the Regional Coordination Plan. MTC may also allocate these funds to any operator whose increase in total operating cost per revenue vehicle hour is less than the increase in the CPI.
