Program Overview

The Pavement Management Technical Assistance Program (P-TAP) provides resources so that jurisdictions can better understand their pavement condition to make well informed decisions about pavement maintenance and rehabilitation investments.

Details about the P-TAP Program can be found in MTC Resolution 4078.

Funding

Source: Federal Surface Transportation Program (STP) funds

Amount Available: \$1.5 million

Frequency: Annual Call for Projects

Required Local Contribution: 20% of the total project cost

Minimum Project Amount: \$15,000
(\$12,000/STP + \$3,000/local match)

Maximum Project Amount: \$100,000
(\$80,000/STP + \$20,000/local match)

Eligibility – Project Sponsors

City and County of
SAN FRANCISCO

Redwood City

THE CITY OF
BENICIA
CALIFORNIA

CAMPBELL *California*, cityofcampbell.com

acgov.org

- All Bay Area cities and counties in charge of maintaining streets and roads
- Priority is given to local jurisdictions whose PMS certifications have expired or are expiring within six months of project award

P-TAP 19

MTC recommends that jurisdictions apply for P-TAP 19 if:

- PMP Certification is expiring in 2017 or 2018
- The jurisdiction has not been inspected since 2015
- Please request an extension of your PMP Certification if it is expiring before January 2018

Eligibility – Projects

P-TAP provides consultant assistance for the following types of projects:

1. Pavement Management System
2. Non-Pavement Asset Management
3. PS&E

Eligibility – Projects (continued)

1. Pavement Management System Projects

These projects are geared toward helping jurisdictions...

- Understand their pavement condition
- Determine if current and future revenues will be sufficient to fund the pavement maintenance necessary to ensure streets and roads are at an acceptable level of quality
- Keep jurisdictions certified to receive federal funds. Check your PMP Status at

<http://www.mtc.ca.gov/services/pmp/>

Eligibility – Projects (continued)

Pavement Management System Projects

Scope of Work:

- Review and audit inventory of the Project Sponsor's road network
- Enter Maintenance and Rehabilitation (M&R) history
- Update the decision trees based on the Project Sponsor's preferred treatment strategies
- Perform pavement inspections and data entry of all distresses found during pavement inspections
- Estimate available revenues for pavements over the next five years

Eligibility – Projects (continued)

Pavement Management System Projects

Scope of Work, continued:

- Run at least three budget and/or target-driven scenario analyses and show their impacts through the use of GIS maps in the StreetSaver® GIS Toolbox
- Provide the Project Sponsor with ways to improve their pavement maintenance strategies
- Deliver an updated PMS database and a Budget Options Report (BOR)
- Establish full linkage of pavement data to GIS map through StreetSaver®
- Provide assistance with council presentations
- Provide training on using StreetSaver®

Eligibility – Projects (continued)

2. Non-Pavement Asset Management Projects

- Provide inventory and condition assessments for signs, storm drains, curbs and gutters, sidewalks, traffic signals, street lights, etc. (focus on curb and gutter, culverts or storm drains)
- *Contact a P-TAP Consultant to get an project estimate*
- For Non-Pavement asset management development, new StreetSaver® modules
- Projects will be considered to assist in developing the non-pavement asset management tool

Eligibility – Projects (continued)

3. PS&E Projects

- Provide assistance in developing PS&E design work for specific roadway infrastructure maintenance, rehabilitation and/or reconstruction projects
- PS&E projects are eligible for P-TAP funding only if the roads are on the federal system (i.e., arterials and collectors)
- The construction phase must be fully funded

Not Eligible:

1. Residential PS&E
2. Tasks in the construction phase, including bid support

Eligibility – Projects (continued)

Process

Consultant Assignment Process

Once awards are determined, MTC matches jurisdictions and consulting firms based on the following assignment criteria:

(1) Project Sponsor Preference:

Project Sponsors are encouraged to include their preference for a particular P-TAP consulting firm in their application

(2) Geographic Proximity

(3) History of Working with the Consulting Firm:

MTC reserves the right to assign jurisdictions to work with a new firm after working with the same firm for three consecutive rounds of P-TAP

Process: “Piggyback” Local Funding

Additional Local Funding

Additional work may be added to a P-TAP project if it is funded by the jurisdiction and if it is consistent with the scope of work authorized under the P-TAP program

Requirements:

1. Additional local funds must total more than \$25,000; additional work under \$25,000 must be arranged separately with the consultant
2. Jurisdictions must enter into a funding agreement with MTC; the funding agreement may not delay the project schedule
3. Additional scope must be an eligible use of P-TAP funds
