Bay Area Regional Priority Projects — Bipartisan Infrastructure Law*

* MTC will periodically revisit over the five-year BIL funding period, as federal grant guidelines are refined and as project funding plans evolve, including results from current and future state and federal grant cycles.

** MTC will share these grade separation projects with the California State Transportation Agency for consultation and coordination on best Bay Area priority candidates to advance for Bipartisan Infrastructure Law (BIL) rail safety grant funds.

*** Endorsement is pending verification of Federal Transit Administration's approval of project's entrance into the Capital Investment Grant (CIG) Project Development phase.
